Hi, Rob:

The best time for me would be Monday from 11am to 12 pm. I can probably adjust, however, to whatever you work out for the rest of the group if another time work better for everyone else.

Thank you and Happy Thanksgiving!

Joe

Joe and Julie –

Last Friday, DEQ let me know that the proposed time for the CFAC conference call will not work. They suggested:

Monday December 1. 11-12 or 1-2  
Wednesday December 3. 10-11  
Friday December 5. 8:00-10:00 or 2:30-5:00

Please let me know if any of these times work for you.

Thanks,  
Rob

Rob:

I'm reminded of the saying "the best laid plans of mice and men...." Our current director accepted the chief of staff position in the governor's office and based on Jenny's message below, we need to reschedule our conference call. Please let me know if any of the alternate times below work for EPA. Thanks!

Denise --

Thanks so much for coordinating with EPA on getting this scheduled, it is not fun trying to jungle schedules. I (and possibly Bill) have a conflict on December 2. The Butte CD meeting was changed from December 9 to December 2, to allow for Tracy to attend. The 2<sup>nd</sup> meeting is scheduled from 11-5:00 and will most likely last the entire time. EPA folks from the Montana Office would also have a conflict with the CFAC meeting, if they were going to try and attend.

Here are some tentative dates that may work to move that work for most of us:

December 1 - 11-12 or 1-2

December 3 - 10-11

December 5 8:00-10:00 or 2:30-5:00 (But Friday's do not normally work for EPA)

Do you want me to send the note to Rob Parker about changing the date? I thought it may be better keeping the same to avoid confusion, but let me know.

Thanks -  
Jenny

All:

The previous date didn't work for everyone at EPA. I know this proposed time does not work for all of us either; however, at a minimum, I'm hoping Jenny and one attorney can attend.
